Independent Auditor's Report

To the Oversight Board
County of Orange Redevelopment Successor Agency
Santa Ana, California

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Orange Redevelopment Successor Agency (Successor Agency), a private-purpose trust fund of the County of Orange, California (County), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Successor Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the County of Orange Redevelopment Successor Agency as of June 30, 2019, and the changes in fiduciary position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Successor Agency, and do not purport to, and do not, present fairly the financial position of the County as of June 30, 2019, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Successor Agency’s financial statements. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2019 on our consideration of the Successor Agency’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Successor Agency’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Successor Agency’s internal control over financial reporting and compliance.

Note 1 –Summary of Significant Accounting Policies

Reporting Entity

On January 24, 2012, the County of Orange (County) elected to become the Successor Agency to the former Orange County Development Agency (Successor Agency) in accordance with ABx1 26 (Dissolution Act). An Oversight Board was appointed to oversee the dissolution process. A Private-Purpose Trust Fund, administered by the County, was established to account for the assets and liabilities of the former Orange County Development Agency (OCDA).

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established Oversight Board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The accompanying financial statements are not intended to present fairly the financial position or changes in financial position of the County in conformity with the accounting principles generally accepted in the United States of America.

Measurement Focus

Fiduciary fund financial statements are used to account for assets held in a trustee or agency capacity and cannot be used to support the County's own programs. Trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with operation of these funds are included on the statement of fiduciary net position (deficit). Additions are recorded when earned and deductions are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Fiduciary Fund Financial Statements

The fiduciary fund financial statements provide information about the Successor Agency's funds.

Land and Improvements Held for Resale

Land and improvements held for resale are recorded at the lower of acquisition cost or estimated net realizable value.

Deferred Charges on Refunding

The deferred charges on refunding are deferred and amortized over the life of the Successor Agency Tax Allocation Refunding Bonds Neighborhood Development and Preservation Project (NDAPP), Series

2014 and Santa Ana Heights (SAH), Series 2014 using the straight-line method.

The deferred charge on refunding for the NDAPP bonds is recorded as a deferred outflows of resources. With the refunding of the SAH bonds, it is recorded as a deferred inflows of resources.

Bond Premium

The bond premium is deferred and amortized over the life of the Successor Agency Tax Allocation Refunding Bonds SAH, Series 2014 using the effective interest method. Bonds payable are reported net of the applicable bond premium.

The bond premium is recorded annually as a reduction of interest expense.

Intergovernmental Revenue

The Dissolution Act amended the allocation of property tax revenue to successor agencies. Property taxes that formerly would have been apportioned to the former OCDA are deposited into a trust fund with the County of Orange, known as the Redevelopment Property Tax Trust Fund (RPTTF). The County Auditor – Controller administers the RPTTF on behalf of the former redevelopment agency debt holders, and taxing entities that receive pass-through payments and property tax distributions. This fund is used to pay obligations listed on the Recognized Obligation Payment Schedule (ROPS), including bond debt service, approved by the Successor Agency’s Oversight Board, and the California Department of Finance. Any remaining monies in the RPTTF after the approved amounts listed on the ROPS have been paid are distributed to the appropriate taxing entities.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results could differ from those estimates. Where significant estimates have been made in preparing these financial statements, they are described in the applicable footnotes.

Note 2 – Cash and Investments

The Successor Agency follows the County’s policy guidelines for pooling its cash and investments with the County Treasurer. The County Treasurer abides by the Investment Policy Statement (IPS) in investing the Pool’s monies.

Pooled Cash and Investments

The County Treasurer maintains the Pool for the County and other non-County entities for the purpose of benefiting from economies of scale through pooled investment activities. At June 30, 2019, the Pool contains deposits and investments in U.S. government agencies, negotiable certificates of deposits, medium-term notes, repurchase agreements, and money market mutual funds with an average maturity of approximately 306 days. The Successor Agency’s cash and investments are combined with the County’s

pooled investments, and therefore, do not represent specific identifiable investments. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments in the internal County investment pool are not subject to reporting within the level hierarchy. Interest is apportioned to individual funds based generally on the average daily balances on deposit with the County Treasurer.

Cash Equivalents and Investments with Trustee

Cash equivalents and investments with trustee represent amounts held by a trustee bank, which are restricted for servicing long-term debt of the Successor Agency as required by the bond indentures. The trustee as fiscal agent is mandated by the bond indentures as to the types of authorized investments. The investments of money market mutual funds are reported at net asset value, and as such, are not subject to the fair value hierarchy.

Summary of Cash and Investments

At June 30, 2019, cash and investments of the Successor Agency are summarized as follows:

Cash and investments pooled by the County Treasurer	\$ 2,514,617
Investments held by trustee:	
Money market mutual funds	4,702,774
Total	\$ 7,217,391

Investment Disclosures

As of June 30, 2019, the major classes of the Successor Agency's investments consisted of the following:

	Fair Value	Principal	Weighted Average Maturity (Years)
County Investment Pool	\$ 2,514,617	\$ 2,514,617	0.839
Restricted Investment with Trustee:			
Money Market Mutual Funds	\$ 4,702,774	\$ 4,702,774

Interest Rate Risk

Interest rate risk refers to the risk that changes in interest rates will affect the fair value of an investment. The County manages exposure to declines in fair value by limiting the weighted average maturity (WAM) in accordance with the IPS. At June 30, 2019, the WAM for the Pool approximated 306 days (.839 years). The money market mutual funds are government money market fund with the highest ratings by S&P and Moody's, as indicated by the trustee.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Successor Agency will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. At year-end, the Successor Agency's investment in the County Pool and Money Market Fund was not exposed to custodial credit risk.

Credit Risk

The IPS sets forth the minimum acceptable credit ratings for investments from any two of the following nationally recognized statistical rating organizations. For an issuer of short-term debt, the rating must be no less than "A-1" or "SP-1" (Standard & Poor's), "MIG 1/VMIG 1" (Moody's), or "F1" (Fitch). For an issuer of long-term debt, the rating must be no less than an "A". As of June 30, 2019, the Pool and money market fund are rated at AAAM Principal Stability Fund Rating (AAAM) by S&P.

Additional information regarding the Pool, including the investment portfolio and related interest rate, the custodial credit, credit, concentration of credit risks, and fair value measurements is presented in Note 4 of the County's Comprehensive Annual Financial Report (CAFR). The CAFR is available by accessing the Auditor-Controller's website at <http://acdcweb01.ocgov.com/reports/cafrreports/>.

Note 3 – Land and Improvements Held for Resale

Land and improvements held for resale is recorded at the lower of acquisition cost or estimated net realizable value. At June 30, 2019, the cost of land and improvements is \$607,747 with an estimated net realizable value of \$133,070.

Note 6 – Related Party Transactions

Orange County Community Resources (OC Community Resources), a department of the County, is the primary administrative support to the Successor Agency, and is responsible for preparation of all payment schedules, financial reports, and project related matters. OC Community Resources also oversees the Orange County Housing Authority, the entity elected to be the County’s Housing Successor. County Counsel provides all legal support services, and CEO’s Corporate Real Estate Unit provides project support on real estate issues. All debt service related matters are administered by the CEO’s Public Finance Unit.

Note 7 – Deficit Net Position

The Successor Agency reported a deficit net position of \$10,841,815. The deficit resulted from the Due Diligence Review payments required by Assembly Bill 1484. Enforceable Obligations will be paid by future property taxes apportioned to the Successor Agency as subject to the ROPS process.

Note 8 – New Accounting Pronouncements

The following lists recent Governmental Accounting Standards Board (GASB) pronouncements implemented or effective in fiscal year 2018-19:

In November 2016, GASB issued Statement No. 83, “*Certain Asset Retirement Obligations.*” This statement requires the recognition of a liability and a corresponding deferred outflows of resources associated with an asset retirement obligation based on the criteria and the measurement established in the statement. This statement also requires disclosure of required information about the asset retirement obligations. The requirements of this statement are effective for reporting periods beginning after June 15, 2018, which requires the Successor Agency to implement this statement in fiscal year 2018-19. There was no impact to the Successor Agency Financial Statements.

In April 2018, GASB issued Statement No. 88, “*Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements.*” This statement clarifies which liabilities governments should include when disclosing information related to debt. The statement requires that additional essential information related to debt, including direct borrowings and direct placements be disclosed in notes to financial statements. The requirements of this statement are effective for reporting periods beginning after June 15, 2018, which requires the Successor Agency to implement this statement in FY 2018-19. The statement was implemented.

In June 2018, GASB issued Statement No. 89, “*Accounting for Interest Cost Incurred Before the End of a Construction Period.*” This statement establishes accounting requirements for interest cost incurred before the end of a construction period. The statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. This statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of this statement are effective for reporting periods beginning after December 15, 2019, which requires the Successor Agency to implement this statement in FY 2020-21. The Successor Agency opted for early implementation. There was no impact to the Successor Agency Financial Statements.

Note 8 – New Accounting Pronouncements (continued)

The following summarizes recent GASB pronouncements issued but not yet adopted that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following Statements may have on the financial statements of the Successor Agency.

In January 2017, GASB issued Statement No. 84, “*Fiduciary Activities.*” This statement establishes criteria for identifying fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The statement also describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. The requirements of this statement are effective for reporting periods beginning after December 15, 2018, which requires the Successor Agency to implement this statement in FY 2021-22, if applicable.

In June 2017, GASB issued Statement No. 87, “*Leases.*” This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The statement requires a lessee to recognize a lease liability and an intangible right-to-use lease asset, and a lessor to recognize a lease receivable and a deferred inflows of resources. The requirements of this statement are effective for reporting periods beginning after December 15, 2019, which requires the Successor Agency to implement this statement in FY 2020-21, if applicable.

In August 2018, GASB issued Statement No. 90, “*Majority Equity Interests.*” This statement improves the consistency and comparability of a government’s majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The statement requires that a component unit in which a government has a 100% equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired 100% equity interest in the component unit. The requirements of this statement are effective for reporting periods beginning after December 15, 2018, which requires the Successor Agency to implement this statement in FY 2019-20, if applicable.

In May 2019, GASB issued Statement No. 91, “*Conduit Debt Obligations.*” This statement provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. The statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers’ conduit debt obligations and a description of each type of commitment. The requirements of this statement are effective for reporting periods beginning after December 15, 2020, which requires the Successor Agency to implement this statement in FY 2021-22, if applicable.

Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Oversight Board
County of Orange Redevelopment Successor Agency
Santa Ana, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the County of Orange Redevelopment Successor Agency (Successor Agency), a private-purpose trust fund of the County of Orange, California (County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Successor Agency’s basic financial statements and have issued our report thereon dated December 10, 2019. Our report includes emphasis of matter paragraph stating the financial statements of the Successor Agency do not present fairly the financial position of the County.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Successor Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Successor Agency’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Successor Agency’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Successor Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
